

## NEUTREX ALKALINE DETERGENT

### ALKALINE DEGREASER AND WAX REMOVER non-acid product

Recommended for all types of stone materials. Fast-acting and effective on all types of dirt of organic and greasy nature. Can even be applied on polished marble surfaces without undesired effects (shine modification); waxy films on surface can be partially removed.

Available in viscous form for application on vertical surfaces, stone, bricks and plaster, building façades of stone buildings, marble, granite, ceramic tiles.

<b>FUNCTION</b>	DEGREASER, ALKALINE SOLVENT-BASED DETERGENT
<b>LINE</b>	CLEANING <span style="float: right;">PROFESSIONAL</span>
<b>INDICATIONS</b>	Recommended for all types of grease soiling: <b>spots, grease, pollution, smoke stains, lamp-black, wax coating</b> , etc.
<b>MATERIALS</b>	ALL KIND OF MATERIAL <b>EXCEPT</b> RUBBER AND SYNTHETICS
<b>HOW TO USE</b>	May be used undiluted on heavy soil and for deep cleaning. For routine use, dilute at 5-15% in water solution (0,5-1,5 liters of NEUTREX in 10 liters of water). Allow the product works 10-15 minutes avoiding the surface dries completely. Rub vigorously with rag, brush or non-abrasive pad. Repeat the operation if necessary. Rinse with clear water. 2 to 3 rinses may be necessary if a protective or impregnator is to be subsequently applied.
<b>COMPOSITION</b>	Contains ionic and anionic surfactants biodegradable >90%, mix of sequestering agents, glycoethers and polar solvents. Active ingredients over 30%
<b>TECHNICAL INFORMATION</b>	Consumption varies according to the intensity of soiling and kind of surface. Effect always a preliminary test in a small part of the surface to check compatibility and effect and to determine the best dilution.
<b>NOTES</b>	Slightly foaming alkaline detergent. Wearing impermeable gloves is recommended. For more information see product label or product Safety Data Sheet.
<b>IMPORTANT</b>	For deep cleaning, apply with stroking motion using plastic bristle brush. The best results will be obtained using buffing machine with soft, non-abrasive, pad. The solvents in this product can remove pre-existing treatments. In case of doubt, before using the product, effect a preliminary test on a small part of the area to be treated.
<b>LIMITATION OF LIABILITY</b>	The data provided derive from published information or from our own laboratory tests. The information provided here should be considered as a guideline and not as any form of performance guarantee. Since the application of the product is beyond the control of the manufacturer or supplier, our liability for defective products, when verified, is limited to refund of the purchase price.

**A PRELIMINARY TEST IN A SMALL, HIDDEN, AREA IS RECOMMENDED BEFORE THE APPLICATION**
