

FEATURES

SABBIATORE is an acid-based formulation that allows to modify many marbles and stains aesthetically (both coloured and not), obtaining an aging effect; it is orange peel skin for **ORANGE**, brushed effect for **BALI** and an aged finishing with furniture beetles for **ANTIKO**.

SABBIATORE forms a particular effect on the used materials as, kitchen counter-tops, floorings, staircases and coverings ...

It is well applied on compact materials rich of calcium carbonate, as: Rosso Verona, Rosa Perlino, Trani, Travertino, Crema Marfil, Rosso Alicante...

Attention: shake the product before using it

APPLICATION PROCEDURE

Wet the plate with watering can or pour the product with a pitcher; make sure that the application is uniform; once the established application time has passed, wash abundantly with water and Basicum alkaline cleanser to have a better cleaning effect and to restore the best Ph of the treated substrate.

Cartons with 12 pieces Lt. 1
Cartons with 2 boxes Lt. 5
Box Lt. 25 - 60

WARNINGS

Before using it, everyone must get information about the features of the products by reading the label on each packaging, about the technical file and the security file, or possibly by contacting us directly; anyway, we recommend to stick to the letter to the cited or received instructions. Besides we suggest to prepare a preventive sampling to notice possible unexpected results with reference to the application method or to the quality of the result. In any case, keep the packaging well closed and outside the reach of children. Aerate well the working environment during and just after the application of the product. Do not eat or drink while using.

Our instructions and technical advice, both oral or written, refer to our best knowledge and they do not involve any warranty even towards third parties. We invite you to adapt our products to your exigencies and working conditions: operating ways and kinds of working are exclusively to the buyer's responsibility. As far as we are concerned, we guarantee a steady quality of our supplies according to our general sales conditions. If anyway we should be responsible for any kind of damage, it could be only limited to the value of goods we have supplied and you have used.
