

Diamant DX Electric Saws

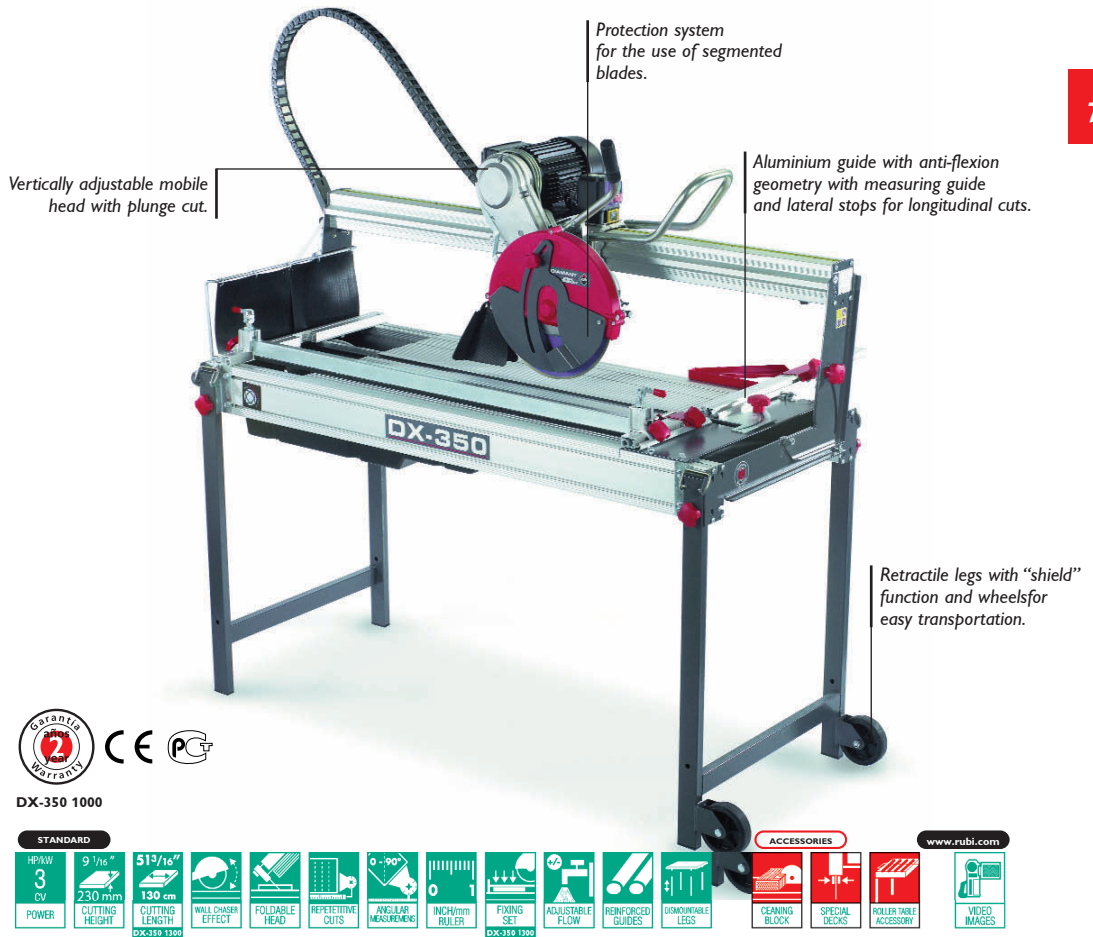

i Machine with vertically adjustable mobile head with plunge cut capability for large and thick format tiles.

DIAMANT DX

- For tiling, earthenware, marble, granite and other materials.
- Mixed modular structure, in aluminium and steel for maximum lightness and resistance.
- Retractable legs with “shield” function and wheels for easy transportation.
- Aluminium guide with anti-flexion geometry with measuring guide and lateral stops for longitudinal cuts.
- With thermal and overload security switches.
- Water pump refrigeration of blade (with flow control valve).
- Ø 14” (350 mm.) diamond blade not included.
- Allows the use of a Ø 12” (300 mm.) blade.
- Adjustable mobile head with plunge cut capability.
- Motor assembly mounted on sliding bearings, vertically adjustable and foldable mobile head for miter cuts.
- Protection system for the use of segmented blades.
- Superior motor and transmission by belt.
- With guide for repetitive cuts and fold-away accessory for repetitive miter cuts.
- Ceramic fixing accessory included in DX-350 1300.
- Aluminium working surface removable for easy cleaning.
- New, removable water tank system.
- Machine supplied without the cable.
- Adjustable accessories (see page 80)
 - Supplement table (Ref. 54990)
 - Roller table extension (Ref. 57940).
 - Ceramic fixing accessory for DX-350 1000 (Ref. 51911).
 - Cleaning block (Ref. 05973 / 05974).
 - Cable and plug.
 - Cable with security device PRCD.
