Description: PP33 Universal Cleaner is an universal cleaner and it can be used on any surface. Thanks to its energetic degreasing action, PP33 Universal Cleaner remove any types of dirty as rust, waxfloor, grease, ink and other difficult dirt from each material

How to use: Used pure. Spray the PP33 Universal Cleaner on stubborn dirt and cleaned several times. Then rinse. Used diluted. Pour some PP33 Universal Cleaner caps in a bucket of water, preferably warm, and pour over the surface to be cleaned by passing several times. The mixing of PP33 with water is proportional to dirty to be treated.

Precautions for use: Avoid using the product on surfaces sensitive to alkaline pH, glass or transparent materials in general, and rinsed immediately after. For a professional use of the product, follow the material safety data sheet.

Warnings: **Use the product with caution and follow safety advice.**
Not ingest.
Wear suitable protective clothing, gloves and eye / face.
Keep out of reach of children.

Conservation: PP33 should be kept in their original packaging, kept tightly closed after use.
Do not expose to direct sunlight.

Classification: The preparation is not classified as dangerous according to Directive 1999/45/EC and subsequent updates.

R phrase: None

S phrase: None

INGREDIENTS (All. VII C, Reg. EC n° 648/2004)

Substance	CAS N°	INCI name	Use
Water	7732-18-5	Aqua	Solvent
2-Butoxyethanol	111-76-2	Butoxyethanol	Solvent
Trisodium phosphate	7601-54-9	Trisodium phosphate	Chelating
Pentasodium triphosphate	7758-29-4	Pentasodium triphosphate	Chelating
Tetrasodium EDTA	64-02-8	Tetrasodium EDTA	Chelating
Alcohols,C11-13-branched, Ethoxylated	68439-54-3	-	Non-ionic surfactant
Sodium Lauryl Ether Sulfate	68891-38-3	Sodium laureth sulfate	Anionic surfactant
Dimethylpolysiloxane, aqueous solution	NA	-	Defoamer
Ammonia, aqueous solution	1336-21-6	Ammonia	Buffering agent
Parfum (Limonene)	NA	Parfum	Parfum
Methenamine 3-chloroallylochloride	4080-31-3	Quaternium-15	Preservative
9-(2-carboxyphenyl)-3,6-bis(diethylamino)xanthylium chloride	81-88-9	-	Coloring
