

# Pro-H2O

## Anti dirt and anti stain color-enhancing protector for stoneware

### DESCRIPTION

Pro-Gres H2O is a water based anti-dirt sealer in solution, studied for the specific protection of porcelain stoneware floors.

It saves the surfaces from different kind of stains and increases greatly the dirt resistance. Reduces the subsequent operations of ordinary maintenance and also increases the shine of the surface treated.

- ▶ **Excellent performance**
- ▶ **Resistance to foot traffic**
- ▶ **Resistance to daily cleaning**
- ▶ **Ideal for internal and external use**
- ▶ **High resistance to UV rays without yellowing effect**
- ▶ **Easy to apply**
- ▶ **Anti stain**

### DIRECTIONS:

On perfectly clean and dry surfaces, apply uniformly one coat of the product using a brush, a fleece or any other suitable applicator, taking care to treat a few meters at a time and to apply the product both on the tiles and on the joints.

After some minutes finish the dry surface with an electric Mono brush equipped with white pad.

The Floor can be open to light foot traffic after 12-24 hours.

The second coat can be applied after 2-4 hours or when the surface is completely dried.

The complete reticulation takes 48 hours.

### PERFORMANCE:

Approx. 40/60 m<sup>2</sup>/L

## PRO H2O水溶性瓷磚防污劑

PRO H2O水溶性瓷磚防污劑，特別研製用來保護瓷磚地台，增加地台表面耐污性，減少日常清潔及後續維護，抗高人流，抗紫外光，不發黃，同時增加表面光潔度。

### 優點:

- \*高效能
- \*抗高人流
- \*耐日常清潔
- \*可室內外使用
- \*抗紫外光，不發黃
- \*操作簡單
- \*防污

### 使用方法:

1. 將處理面清潔乾潔
2. 用油刷將產品均勻塗在處理面和縫隙位置
3. 幾分鐘後，用白色墊擦乾表面
4. 12-24小時後表面可供人流行走
5. 第二層施工可在表面乾透後或第一次塗完後2-4小時處理
6. 48小時後可全面性保護

### 使用面積:

40/60平方米/公升
